

# Introduction to the ***EUROSUNMED*** ***Roadmap***

EUROSUNMED Roadmap workshop

14th April 2016, Brussels

Paola Mazzucchelli (EUREC)

# EUROSUNMED Roadmap

Deliverable 7.1

Results of WP1, WP2 and WP3

Roadmap workshops

The EUROSUNMED Roadmap is composed of three building blocks

# Roadmap objective and content

- Actions for long-standing cooperation

- Five chapters:

- Targets
- Needs to achieve the targets
- Focus on needs from MPC solar industry

APRIL 2016

- Roadmap activities
- Funding instruments

SEPTEMBER  
2016

- Panel discussion
  - Ongoing activities
  - Next steps (planned activities and what is missing)
- Parallel sessions
  - Targets
  - Identification of needs

## Parallel Sessions 14:00-15:30

GROUP	ROOM	Rapporteur	Minute-taker
<b>A</b>	<b>HOTEL CHAMBORD Main meeting room</b>	<b>Abdelilah Slaoui</b>	<b>Céline Suchet</b>
<b>B</b>	<b>HOTEL CHAMBORD 2<sup>nd</sup> meeting room</b>	<b>Samir Rachidi</b>	<b>Maria Dutarte</b>
<b>C</b>	<b>EUREC office</b>	<b>Paola Mazzucchelli</b>	<b>Vinicius Valente</b>

# Question 1- Targets for long-standing cooperation

- Potential of renewable energy sources: what are most interesting RES? And why?
- What do we want to achieve in terms of technological development? What are most interesting technologies to be developed?
- What do we want to achieve in terms of employment? What share of the population could be employed in RE sector?

## Question 2- Identification of needs to achieve previously identified targets

- Policy framework and political support
- What are main RD&D priorities?
- What area areas where further education and training courses should be developed?
- What is needed is order to ensure sustainable growth of local solar industry?
- What area financial needs?
